## 1. Indian Air Force will celebrate its 90th Raising Day today

The Indian Air Force (IAF) was established before independence on 8 October 1932. Since then Air Force Day is celebrated every year on 8 October. Raising Day is the occasion when the Indian Air Force displays its might.

For the first time in the history of the Air Force, Air Force Day is being celebrated outside Delhi in Chandigarh, and this is the highlight of the IAF this year. Today the audience will get to see the might of the Air Force in the sky of the famous Sukna Lake of Chandigarh. The program started at 9 in the morning.

The country's President Draupadi Murmu is the chief guest of today's program. Also Defense Minister Rajnath Singh is also present there. Before the air show, there will be a formal parade at the Air Force base today. Air Chief Marshal VR Choudhary will oversee the parade. On this occasion, the Chief of Air Staff will also unveil a new format of combat uniform for the Air Force personnel on the occasion.

There will also be a fly past of two formations of the helicopter at the air base during the parade. Along with this, gallantry medals will also be given to the airmen. The Chief of Air Staff will also release the new Combat Uniform of the Air Force during this period. Just like this year the new uniform of the army was issued on Army Day.

According to the Air Force, this year the flypast will run for two hours. It will start from 2.45 pm and will run till 4.44 pm. About 80 military aircraft and helicopters will take part in the flypast. Light Combat Helicopters (LCH) Prachanda, Light Combat Aircraft (LCA) Tejas, Sukhoi, MiG-29, Jaguar, Rafale,

IL-76, C-130J, Hawk, Light Helicopters Dhruv, Chinook, Apache and Mi-17 Fly in Helicopters Past will join.

Let us tell you that before the independence of India, the Air Force was called Royal Indian Air Force (RIAF). The Indian Air Force was established on 8 October 1932. After independence, the word "Royal" was dropped from the name of the Air Force to just Indian Air Force (IAF).

## 2. For the first time in Uttar Pradesh, 3 women PAC battalions were formed

On the instructions of Chief Minister Yogi Adityanath, the women's safety and empowerment campaign Mission Shakti was started in the state. Under this, 20 percent of the police force of the state was reserved for the appointment of women, so that women could be made self-reliant with security.

Three Provincial Sashastra Seema Bal (PAC) women battalions are being established in the name of brave and courageous women in the state. These three battalions are being named after Rani Avantibai Lodhi, Uday Devi and Jhalkari Bai, who sacrificed their lives in the freedom struggle of India. This battalion is being established at Badaun, Lucknow and Gorakhpur. The process of posting 1262 posts in one women battalion of PAC is going on.

So far, 3,98,686 complaints have been received through the Women Help Desk, out of which 3,89,417 complaints have been resolved. Similarly, a total of 47,855 cases have been registered against 1,14,269 accused through the help desk. Of these, 81,011 criminals have been arrested. Also, in

### 4. RBI Launches New Advanced Monitoring System 'Daksh'

Reserve Bank of India Governor Shaktikanta Das on Thursday launched the Advance Supervisory Monitoring System 'DAKSH' (DAKSH). This is expected to strengthen the monitoring process of RBI.

RBI said in a statement that it has been taking several steps to strengthen the monitoring activities and 'Daksh' is a new link in this. "Daksh is a web-based end-to-end workflow application through which RBI will be able to monitor entities like banks and NBFCs in a more focused manner," the Reserve Bank said.

This 'Supertech' application of RBI will enable seamless communication, inspection planning and execution, cyber incident reporting and analysis through a single platform that enables secure access anywhere and anytime. The Reserve Bank said that this monitoring system will work efficiently and effectively as per its name.

RBI plans to extensively use Artificial Intelligence (AI) and Machine Learning (ML) to analyze its extensive database and improve regulatory oversight over banks and NBFCs. RBI will also recruit external experts for this. Although RBI is still using artificial intelligence and machine learning technology, but now there is an attempt to make it more comprehensive so that the supervision department in the central bank can be made more advanced.
