## 1. DRDO conducts first successful flight test of interceptor AD - 1 missile

India has achieved great success in developing a weapon to destroy ballistic missiles, fighter ships and enemy aircraft at the highest level of the atmosphere. Defense Research and Development Organization (DRDO) conducted the first successful flight test of Phase-II Ballistic Missile Defense (BMD) Interceptor AD-1 missile with Large Kill Altitude Bracket from APJ Abdul Kalam Island off the coast of Odisha on November 02, 2022. . This flight test was conducted with the participation of all the components of the BMD weapon system located at different locations. The AD-1 is a long-range interceptor missile designed to support long-range ballistic missiles as well as aircraft's low exo-atmospheric and Endo-atmospheric interception is designed for both. It is powered by a two stage solid motor and indigenously developed advanced control system to accurately guide the missile to the target. Equipped with navigation and guidance algorithms. During this flight-test, all sub-systems performed as expected and were verified by a number of range sensors including radar, telemetry and electro-optical tracking stations deployed to capture flight data. Defense Minister Rajnath Singh congratulated DRDO and other teams involved in the successful flight test of AD-1. He termed it as a unique interceptor with advanced technologies available with very few countries of the world. He expressed confidence that this would further strengthen the BMD capacity of the country. Dr. Sameer V. Kamat, Secretary, Department of Defense Research and Development and Chairman, DRDO, while congratulating his team on this successful test, said that the interceptor will provide the users with

enhanced operational flexibility and can target multiple types of targets. has the capacity.

## 2. Madhya Pradesh Chief Minister Shivraj Singh Chouhan launched 'Ladli Laxmi Yojana 2.0'

Chief Minister Shivraj Singh Chouhan launched Ladli Laxmi Yojana 2 today. On this occasion, the Chief Minister also announced to name a road in the districts of the state as "Ladli Laxmi Path". He said that today is an important day of my life. My daughters are going to grow up and make the future of Madhya Pradesh. Daughters are life, so we have decided that in 52 districts, there will be 52 paths in their names. It is probably happening for the first time in the country and in the world that a garden has been made for the beloved Laxmis. He said that my dear daughters, along with making their future, will also contribute in shaping the fortune of the state and the country. I extend my blessings and best wishes to my darlings. You can't imagine my happiness today. I'm really mad today I am happy and my hair is full. Today those lovely daughters are sitting in front who are starting their college studies. These are the daughters of whom I have nursed many. The son also comes in the same womb and the daughter also comes. Only one God made us. God did not discriminate. Our Indian culture is such that it has always given respect to mother, sister and daughter. God will be there where mother, sister, daughter are treated with respect and respect. Daughter is compassion, daughter is mercy, daughter is love, daughter is love. Daughter is affection and intimacy. But the girls have suffered a lot. In many places, the womb was turned into a slaughterhouse. Seeing this, the mind used to cry, the soul used to cry. But there was definitely a feeling in my mind that something

### 3. CVC is observing 'Vigilance Awareness Week 2022' from 31st October to 6th November

The “Citizen Engagement and Communication Program” was launched by Chief Minister Conrad K Sangma at Tura in West Garo Hills district of Meghalaya. The Meghalaya government has initiated various welfare programs and information should be disseminated for the greater benefit of the public. The objective of the program "Citizen Engagement and Communication Program" is to make the grassroots penetration of all the schemes so as to improve governance in all aspects . This program will create much needed awareness among the public so that people can get the right information to take advantage of the schemes being launched by the government. Chief Minister Conrad K Sangma encouraged the team to sensitize themselves so that they could sensitize the public about all the available schemes.

### 4. Education Ministry releases report on Performance Category Index of States/UTs for the year 2020-21

The Union Territory of Ladakh, which separated from Jammu and Kashmir, has made the biggest improvement in school education in the country in a single year. Ladakh, which was at the lowest level (10th level) in the Performance Category Index Report (Performance Grading Report) of the states till a year ago, has got the status of Best Performance in 2020-21. Chandigarh, Punjab, Kerala, Gujarat, Maharashtra, Rajasthan, Andhra Pradesh have secured Level-II for the first time due to their superior performance by meeting various parameters. The special thing is that the Indian education system has about 14.9 lakh schools, 95 lakh teachers and about 26 lakh students from different socio-economic backgrounds. Has become the world's largest education system with 5 crore students. The Department of School Education and Literacy, Ministry of Education has released the Performance Category Index (PGI) of the states and union territories for the year 2020-21 on Thursday. It is a unique index of evidence-based comprehensive analysis of the school education system in states and union territories. According to a senior ministry official, this PGI has been prepared on the basis of performance, achievements and data regarding the success of school education in all the states and union territories. The main objective of PGI is to promote evidence-based policy making and underpin curriculum reform to ensure quality education for all. Earlier the Department of School Education and Literacy has released the PGI Report for the year 2017-18, 2018-19 and 2019-20. This PGI has been prepared on the basis of achievements and data. The main objective
