➔ **Days when few nations set agenda are over ; Jaishankar tells UNGA**

On Tuesday S. Jaishankar addressed

Addressing the 78th United Nations General Assembly on behalf of India.

S Jaishankar spoke of "new, equitable and democratic" world order emerging, one that was more reflective of diverse interests. He linked these diverse interests to India's G20 presidency, saying the days "in which few nations set the agenda" were over.

"A fair, equitable and democratic order will emerge, once we all put our minds to it. And for a start, that means ensuring rule makers do not subjugate rule takers. He added that "vaccine apartheid" should never be allowed to and climate address must address historical responsibilities (the idea that wealthy must significantly finance the response of climate change).

"Nor we must countenance that political convenience determines responses to terrorism, extremism and violence" Mr. Jaishankar told which signalled to recent conflict with Canada, Pakistan and China.

Signaling to recent conflict with Canada, and Pakistan and China.

Mr. Jaishankar argued that India has moved from Non-aligned era to one Vishwa Mitra (a friend of the world). This reflected India's ability to work with the diverse set of nations and "harmonize" interests whenever necessary.

"The goal we have set for ourselves will make us different from all those whose rose preceded ours", he added referring presumably to China, US and Britain's rise at different times.

➔ **Indian eat more salt than WHO recommendation**

A study by India Council of Medical Research (ICMR) has found that mean daily salt intake in India stands at 8g (8.9g a day for men and 7.1g a day for women) against WHO recommendation upto 5g daily.

Salt intake was higher among rural and those obese. The study also finds that salt intake is higher among employed people (8.6g), and tobacco users (8.3g), and those with high blood pressure (8.5g).

High salt intake causes High blood pressure and Cardiovascular diseases which accounts for an estimated 28% of total deaths in India.
